### **DETAILED ACTION**

Claims 21-40 are currently pending in the instant application, appear allowable over the prior art of record and have been renumbered as claims 1-20. Applicants' amendment to claim 39 has overcome the 35 USC 112 1<sup>st</sup> paragraph rejection of the claim.

### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Michele Cudahy on 22 August 2006.

The application has been amended as follows:

1. Amend claim 33 by deleting the comma at the end of the claim and inserting a period in its place.

Claims 21-38 and 40 appear allowable over the prior art of record. The closest prior art or record is Bergman et al., which discloses the compounds 13-16 on page 2616 which are the compounds present in applicants' instant proviso of claim 21. The prior art reference of Bergman et al. does not disclose any utility for the compounds 13-16 and fails to provide any direction or motivation to modify the prior art compounds to arrive at applicants' instantly claimed compounds.

### ***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance. This invention relates to products of the formula I and methods of use. The novel and nonobvious aspect of this invention involves the product of the formula I. The closest prior art of record, Bergman et al., which discloses the compounds 13-16 on page 2616 which are the compounds present in applicants' instant proviso of claim 21, fails to disclose any utility for the compounds 13-16 and fails to provide any direction or motivation to teach or suggest modification of the prior art compounds to arrive at applicants' instantly claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### **Conclusion**

Any inquiry concerning this communication or earlier communications from the Examiner should be directed to Rebecca L. Anderson whose telephone number is (571) 272-0696. Mrs. Anderson can normally be reached Monday through Friday 5:30AM to 2:00PM.
